PIANO RECITAL

Miss Bessie Morgan Delights Her Many Friends Last Evening

A very interesting and beautiful recital was given at Hayswood Seminary last evening by Miss Bessie Morgan, assisted by Miss Stella Archdeacon.

The program embraced numbers from the classical and modern composers.

Miss Morgan displayed great firmness and precision of rhythm in her rendition of "The Toccata" by Paradies and the Prelude and Fugue in C minor by Bach. "The Romanza" by Liszt, "The Venetian Boat Song" by Liszt, and the "Nacht-stuck" by Schumann were rendered with discrimination and taste. "The Trout" by Schubert-Heller was well received by the audience.

Miss Stella Archdeacon played with verve and brilliancy "La Traviata" by Verdi-Alberti, a Nocturne by Chopin and a Waltz by Schutt, a Chopin Waltz and "A Music Box" by Liadoff. The program closed with a brilliant Duo Ronde Brillante by Mohr, played by Miss Morgan, accompanied on second piano by Miss Stella Archdeacon.

DECORATION DAY

Usual Exercises Last Afternoon By Grand Army Veterans

Following the beautiful custom of years, Decoration Day was observed yesterday in this city, the P. O. S. of A. joining with the Grand Army Veterans in the afternoon exercises.

The majority of the graves in the "City of the Dead" had been visited by some friend or relative during the day and flowers were strewn over nearly every mound. It was thought that this season the flowers would be more bountiful than for years, but the rain of Monday night destroyed much of the bloom.

The usual ritualistic ceremonies in the afternoon were conducted at the Soldiers Monument under the auspices of Joseph Heiser Post No. 13, after which the address of Colonel D. W. McClung was delivered in the Auditorium at Beechgrove Park.

The exercises were opened with the hymn "America," and after an invocation by a Veteran of the War, the Rev. George Frob, of Washington, the speaker was introduced by Past Commander Thomas A. Davis.

Colonel McClung had chosen as his theme "The Future of Our Country," and it was treated in a masterly way. He called attention to the many dangerous pitfalls that lie before us—Socialism, Trusts, Governmental control, and a Financial System that issues \$1 for 50 cents worth of silver.

Throughout Colonel McClung had the closest attention of an audience that filled the Auditorium, and at the conclusion of his address the Benediction was pronounced by the Rev. J. L. Sturgell.

This ended the observance of Memorial Day of the good year 1905; and it is remarkable that it didn't rain until it was all over.

A new schedule is expected to go into effect on the C. and O. next Sunday.

Miss Rebecca Duke of Mayslick was one of the visitors at the opening hop of The Drones given at Winchester a few evenings since.

John, son of Mr. and Mrs. Omar Lytle of Paris, had his chin split open to the bone during a baseball game a few days ago, by colliding with another boy.

The Cincinnati, Flemingsburg and Southeastern Railroad Company of Fleming county, with \$125,000 capital stock, filed articles of incorporation Monday at Frankfort.

The Commencement exercises of the Maysville Colored High School will take place at the Washington Opera-house Friday night, June 9th. A very fine program will be rendered.

Mr. Garrett B. Wall of Richmond, Va., is one of the incorporators of the Sandy Land and Development Company of Floyd county, which has just filed articles of incorporation at Frankfort, with \$15,000 capital stock.

Colonel W. C. Payne, formerly Agent of the Adams Express Company in this city but now located at Bowling Green, has been made official liberator of the Cleveland (O.) Homing Pigeon Association. Monday he liberated fifty birds, and expected them to cover the 600 miles some time during the day. Pigeons will be shipped to Bowling Green from Cleveland every few weeks for races.

Captain Nick Carter, the high diver with the Robinson Amusement Co., shortly to be in this city had what he terms the closest call for his life, Saturday afternoon at Ashland. Just as he started to make his dive, the frightened shriek of a child diverted him enough in his downward flight to cause him to lose his balance, and he twisted about until he struck the water almost on his stomach. His right arm grazed the side of the tank, bruising that member up considerably.

Police Judge John J. Riley of Lexington imposed the most novel punishment on record on two tramps, charged with being drunk. He fined the men \$25 and costs each, but allowed them the alternative of drinking a half pint each of fish brine.

The trial of the contempt cases of James and Alex. Hargis, Ed Callahan, B. F. French and Felix Feltner, growing out of the Marcum damage suit, began at Winchester yesterday. An attempt was made Monday by the defense to secure the continuance of the cases against French and Feltner on the ground of the absence of witnesses.

Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75¢ per bottle. BRYAN is going to Europe to study municipal ownership. The Times-Star doesn't think he will stop at Philadelphia to investigate the municipal ownership of her gas plant.

WELL, Admiral Alphabet ROJESTVENSKY did one wonderful thing, anyway. He moved his fleet over 17,000 miles without encountering anything more formidable than a few defenseless British fishing smacks.

If Chicago can lay aside the strike habit long enough to give Mayor DUNNE time to wipe his spec's, he may take a look at Philadelphia's wrestle with her Gasworks, which have been running on the "municipal ownership" plan.

THE HON. J. B. BENNETT HAS THE LEDGER'S thanks for a couple of stupendous volumes filled with street railway and mining statistics. The subjects are profusely illustrated and cover a scope of modern conditions not found elsewhere.

"THE Jackson Bottling Works will commence operations May 30th," says The Courier-Journal. I thought at first that the proof-reader had overlooked a bet; but Jackson's Battling Works are in operation the year 'round.

BUFFALO promises to give the Elks attending the National Convention in that city "a reception more elaborate than any in the previous history of the organization." If she beats the Cincinnati output, she'll have to sit up all night from now till the Fourth of July—and then some.

THE Times-Star says that one of the potent arguments advanced by the advocates of municipal ownership is that it will end municipal corruption. But does it? Philadelphia owns its Gasworks, leasing them to a company which operates them. Judging from the Philadelphia papers and the charges made by them, municipal ownership has added to the corruption of that municipality instead of ending it.

CORNELIUS P. SHEA, President of the Teamsters Union of Chicago, has escaped sentence to Jail for alleged contempt of Court. Federal Judge KOHLSAAT decided that SHEA, being under indictment for conspiracy, was warranted in refusing to answer questions which might tend toward incrimination. And then it would be a pity to martyrize SHEA by sending him to the jug; he can do so much more harm to his cause if left at large.

OF the \$12,870 immigrants arriving in this country last year, 168,903 could neither read nor write, only 95,575 brought over \$50 each, while 501,530 brought less than \$50 each. Southern Italy contributed the largest number, 159,329, while the Pacific Islanders numbered only 12. And it's a cinch that not one in seven hundred thousand could tell whether the United States is bounded on the East by baked beans or the setting sun.

SAME THING DOWN HERE.

Lexington Leader.

There is not a day that the editorial department of The Leader is not asked to publish strictures on citizens and public officials, the mere opinions of private individuals, many of which, if published, would create dissension, ill-feeling, indeed bloodshed. They find their way to comfortable pigeon-holes, where they are given decent and respectful burial without hope of resurrection. Many of them are unfair, unfortunate in expression, untrue and vicious, and if handed to the individuals against whom they are offered for their perusal would doubtless lead to other burials of a more melancholy nature.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggling, writhing mass left me. Judge my doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tape-worm that I had been suffering from for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."—Chas. Blackstock, 319 Trinity Place, West Philadelphia, Pa.

AFTERMATH!

PICKING UP THE PIECES

Togo's Victory Even Greater Than First Reported

All Rojostvensky's Ships Sunk, Captured or Scattered, and Himself Badly Wounded

The defeat of the Russians in the great sea battle is more complete than at first reported. In fact, Togo literally swept the Russian Navy off the seas.

Admiral Rojostvensky's flagship, the Kniaz Souvaroff, was sunk, and the Admiral badly wounded. He escaped from the sinking ship on a torpedo boat, and one report is that he was taken to a Hospital at Vladivostok, while another is that he was captured, torpedo boat and all, by the Japanese.

The Admiralty at St. Petersburg admits the almost complete annihilation of the Russian Navy, and the official newspapers say that the fate of the Far East has been determined.

Admiral Togo continues his great sweep to the Northward in pursuit of the remnant of the Russian fleet. Complete reports will possibly increase the extent of the Russian disaster.

The Czar and his Ministers know what has happened to them; but the millions of his subjects are being kept in ignorance of the Russian defeat.

The question of peace is now being discussed as the necessary end of the tragedy. All European Powers now see the utter hopelessness of Russia continuing the war. The belief is pre-

valent that peace will come with the same dramatic suddenness as the annihilation of Rojostvensky's fleet.

In the discussion of the subject of where peace negotiations will probably be held, Washington is practically the only place mentioned. Members of the Japanese Legation in private conversation say Japan wishes the peace agreement to be known as the Treaty of Washington, and that the Japanese Government has never considered any other capital as the place where the final adjustment of terms can be arranged.

Among the conditions suggested is, first, that Russia shall pay Japan \$1,000,000,000 in good "yellow" gold, and then take her dollars and trot out of the Far East forever.

If you should die tonight would you leave your family a home to live in? If not, see John Duley at once and buy one. Easy payments.

The largest shipment of export cattle ever made from Harrison county left yesterday for Baltimore, thence to England. There were 600 head, and it took thirty-three cars to hold them. The cattle were bought from the farmers of Harrison county at prices ranging from 5¢ to 6 cents per pound.

THE STREET FAIR

The Big Event Will Shortly Be in Full Bloom

Just twelve days to wait and the Redmen's Pow-wow and Old Home Week will be on. The Committee in charge has done everything possible that will bring big crowds to throng our streets during the week of June 12th.

The country for thirty miles around has been billed like a circus, and now the second billing is going forth. Everybody is looking forward to an enjoyable week, and if they don't have it that is their loss, as there will be plenty to afford amusement and pleasure for all.

The famous Robinson Amusement Company (they are filling an engagement in Lexington this week,) whose shows and free attractions were conceded to be of the highest quality last season, come with all new shows and free attractions and with the big Royal Italian Band of twenty pieces.

In fact, nothing has been left undone. Get ready now. Get out your decorations; look them over. If you need new ones buy them now so you will have them, and at the rising of the sun on Monday, June 12th, make the old town look like new money, with flags flying and banners waving, and let the world know that old Maysville has gotten over its Rip Van Winkle sleep and is now ready to proclaim it the best city of its size in America.

POSTOFFICE STATISTICS.
Cost of the City Free Mail Delivery
in Kentucky Cities.

The Postoffice Department at Washington has just made public some very interesting information in regard to city free mail delivery in Kentucky.
The costliest free delivery office in the state is that of Newport, where the expense of city free delivery eats up 29.85 % of the gross receipts of the Postoffice. Notwithstanding the cost of the Newport service, there are fewer mail carriers there in proportion to population than in any other city in the state, with two exceptions, each carrier serving on the average 2,262 inhabitants. The following shows the percentage of the gross receipts required to meet the cost of free delivery in the various Kentucky cities:
Ashland, 21.49; Bowling Green, 18.74; Covington, 11.06; Danville, 17.72; Frankfort, 15.29; Hopkinsville, 25.42; Lexington, 19.26; Louisville, 17.27; Maysville, 17.80; Newport, 29.85; Paducah, 18.55; Henderson, 23.45.
The following shows the number of inhabitants served, on the average, by each carrier in the cities having free delivery:
Ashland, 1,600; Bowling Green, 2,000; Covington, 2,229; Danville, 1,005; Frankfort, 2,500; Hopkinsville, 1,369; Lexington, 1,941; Louisville, 1,832; Maysville, 2,000; Newport, 2,262; Paducah, 1,980; Henderson, 2,800.

Some new farms on my list. Come at once.
JOHN DULEY.
Several Eastern papers printed stories Monday to the effect that John W. Yerkes of Kentucky may be the next Secretary of the Navy.
With its bulk filled with Bibles, tracts and other religious literature, a boat in charge of a corps of Salvation Army workers, will leave Pittsburgh early in June and stop at every town until Louisville is reached. Each city will be bombarded with the literature.

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."
Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing! Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators?
August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. A Two sizes, 25c and 75c. All druggists.
